ASB BRANDING SUPPORT CATALOG

ASB BRANDING SUPPORT CATALOG

- Requests from USAREC Battalions need to be routed through Brigade A&PA.
- Requests from USACC Battalions need to be routed through Brigade POC.
- Brigades send to SFC Villeneuve, ASBBSC Manager, (502) 626-1113, Cell (502) 994-5990, or DSN 536-1113. E-mail: Richard.villeneuve@usaac.army.mil or E-mail: jerry.merideth@usaac.army.mil
- ASBBSC is not a mass production agency. The program has been developed to support the Accessions mission with custom products. It is highly recommended to use contact numbers, address, URL, etc.
- This catalog depicts our common requests; it is just a general guideline to assist in the ordering process.
- Request should include as much information as possible, for example: size, mounted, un-mounted, custom text, grommets, custom graphics, how they will be employed, contact info, mailing address, phone number, approving authority, etc.
- Customer supplied images: supply artwork in a digital format at highest resolution possible, example: school logos, mascots. Photos need to be 300 pixels per inch (PPI) minimum, TIFF format is best, JPG will limit size.
 - Brigade POCs are responsible for checking content (quantity, text, & images) and obtaining appropriate approval when necessary.

Note: Date of Delivery at Least 30 to 45 Days from Date of Request

Product Information

Banners

- Banners allocated in square feet. Example: ONE 2'x8' banner is equal to 16 square feet.
- Vinyl, cloth, mesh
- Various sizes (most common: 2'x8' & 3'x6'; maximum width 70")
- Specify if displayed outdoor (may need wind cuts, reinforced edges, and reinforced grommets)
- Specify how itme will be displayed (hanging, tacked on wall, etc) to determine if grommets are needed (grommets are placed every 2' unless requested otherwise)
- Banners are best used for events and short term display indoors or outdoors. Suggest using mounted prints for long term indoor use. Suggest using mounted aluminum sign for long term outdoor use.

Prints - Murals

- Murals (these are prints larger than 24"x36")
- Request mounted on hard material, foam material, or laminated.
- Various sizes (most common 4'x6')
- Laminated murals allow for rolling and easy transport
- Typically used at job fairs or hung on wall of schools, example would be in JROTC/ROTC classroom
- Specify how item will be displayed (hanging, tacked on wall, etc) to determine if grommets or Velcro will be needed (grommets placed every 2' unless requested otherwise)

Prints - Posters

- Posters (these are prints 24"x36" or smaller)
- Request mounted on hard material, foam material, or laminated.
- Various sizes (most common: 16"x24" & 24"x36")
- Typically used in high school guidance offices, COI business, local supportive businesses, chamber of commerce, etc

Fence Post Signs

- Made of metal
- Hole in top and bottom for mounting
- Various sizes (most common: 18"x20")
- Typically used in rural areas, farms, wagons, tractors, etc

Yard Signs

- Made of corrugated plastic
- Mounted on metal legs
- Standard size 19"x24"
- Typically used outside high schools, colleges, COI business or home, local supportive businesses, chamber of commerce, etc

Hay Bale Covers

- Made of one-piece Vinyl
- Counted as 8 square feet of banner material
- Standard size 32"x36"

U.S. ARMY

ARMY STRONG.®

Product Information Continued

18x11

Clings

- Solid or perforated sticker
- Various sizes (most common: 11"X18")
- Typically used on doors or windows at main entrance of high schools, colleges, COI business, local supportive businesses, chamber of commerce, vehicle window, or in areas for easy removal.

18x11

Magnetic Signs

- Made of magnetic material
- Various sizes (most common: 11"X18")
- Typically used on ROTC vehicle or Recruiter vehicle
- Suggest removing if traveling faster than 55 MPH or when cleaning vehicle

31.125x47.75

Sandwich Signs

- Frame made of aluminum with hard plastic material insert with image
- Standard size: art - 31.125"x47.75"; system - 33"x53.75"
- Specify if complete system is needed or just replacement panels. Specify size of replacement panels, older systems are different sizes.
- System is reversible; images can be put on both sides of panels.
- Typically used outside of recruiting station or during table setups.
- Signs weigh 35 pounds.

U.S. ARMY

ARMY STRONG.®

Product Information Continued

33x88

Pull Up Banner

- Standard size: 33"x88"
- Specify if system is being provided & include the system measurements for replacement panels.
- System is single sided vinyl material.
- Pull Up Banner Systems are best used for events and short term display indoors or outdoors.

33x88

Cut Outs

- Size: Max height 5'6"
- Printed on Calendar Vinyl.
- Cut out & mounted to Celtek or Foam Board.
- Frame at base to give it the ability to stand on its own.
- Cut Outs are best used for events and Recruiting Stations indoors.

70%

SCHOOL AND BN LOGOS

60%

60%

NOTE: Due to branding standards every piece produced must have the Army brand, all other logos are optional.

Also, the Army brand is always the largest logo placed on the piece all secondary and tertiary logos are at a smaller percentage of the Army brands original size. Please make reference to the above illustration for an example.

If a school/battalion logo is provided please try to send a vector file format. A vector file can be the following: an .ai file, a pdf saved from an .ai file, or an .eps file.

Please keep in mind that a low resolution jpg will lose it's visual information the larger it becomes.

If you choose to include either the Army ROTC or AMEDD logo in your final piece, the standard web-address will be changed: (ROTC) goarmy.com/officer; (AMEDD) healthcare.goarmy.com.
